To: Interested Contractors

SUBJECT: Solicitation of Quotes  
Wedding Rd Bridge Rehabilitation

The City of Concord Transportation Department is requesting quotes for the rehabilitation of the Weddington Bridge No. 120366 over Rocky River to include but not limited to furnishing all labor, equipment, and materials to remove existing elastomeric bearing pads, install by welding in place, full-length steel keeper bars/plates to the bottom surface of the steel sole plates, which are attached to the bottom of the concrete beams. Steel keeper bars/plates are to surround the perimeter of the elastomeric bearing pads. Work includes: jacking spans, temporary work platforms, surface preparation and repairs, reset existing elastomeric bearing pads, steel keeper bars/plates, welding (as per AASHTO and AWS), temperature control measures during welding, and concrete removal as necessary.

Quoting documents and plans are available for no charge at the offices of the Transportation Department at 850 Warren C. Coleman Blvd., Concord, N.C.

Signed quotes, un-separated from the Quoting Documents, will be received in a sealed package by close of business on Monday, June 5, 2017 at the office of the Transportation Director, 850 Warren C. Coleman Blvd., Concord, N.C. 28025. Thank you for your consideration and if you have any questions with this solicitation, please call us at 704-920-5338.

Sincerely,  
CITY OF CONCORD

J. K. Wilson, III, P.E.,  
Transportation Director
